

**Henko 6290 Joint Roller**

<b>Length</b>	20 cm
<b>Width</b>	32 cm
<b>Height</b>	100 cm
<b>Capacity</b>	28,5 kg

**Henko 6290  
Joint Roller**

The Henko 6290 is the manual edition of the Henko 629 Grasshopper. The Joint Roller serves to put pressure on glued seams, to maximize the adhesion of the glue. Extra weight can be added to the Joint Roller for more pressure on the glue seams.

The device is easy to use and the handle is removable for convenient transportation. The gears on the bottom of the Henko 6290 can move independently, so maneuvering the device will not damage or create folds in the artificial grass.

- Made of steel with paint coating
